

**GOVERNMENT OF TELANGANA
DEPARTMENT OF TECHNICAL EDUCATION**

Office of The
Commissioner of Technical Education
Telangana :: Hyderabad

Circular

Sub: Academic - Technical Education – Novel Coronavirus reported from China and 24 other countries – Awareness among College Students – Certain Instructions - Issued – Reg.

- Ref: 1. Government memo No. 699/MC/A1/2020 Higher Education (MC) Department, Dated: 27.02.2020
2. D.O.No.Secy(HFW)/IMP/Cornavirus/2020, of the Secretary, GoI, Dept. of health and Family Welfare Ministry of Health and Family Welfare, Dated: 05.02.2020 (Copy Enclosed)

Attention of the Principals of all Government / Aided / Private un-aided / 2nd shift Polytechnics in existing Engineering Colleges and D. Pharmacy Institutions in the State of Telangana is invited to the Subject and Reference cited. The Secretary, Ministry of Health and Family Welfare, Department of Health and Family Welfare, Government of India has informed that the Novel Coronavirus reported from China and 24 other countries, 3 travel related case in India. Though much is not known about the disease dynamics, it is evident that there is human to human transmission. As of now, there is no drug or vaccine available to manage this disease. Hence, preventive measures become crucial to stop spread of this disease.

In view of the above, creating awareness among the College students about preventive interventions such as frequent hand wash, respiratory etiquettes (using handkerchief over mouth while coughing / sneezing, use of tissue paper or using the sleeve of shirt covering upper arm, staying away from college when sick, avoiding public gatherings etc, will help in preventing/reducing transmission of not only this disease, but also large number of other communicable diseases, notably flue like illness. Further, such informed youth can be agents of change their family, community and beyond.

Therefore, all the Principals of the Government / Aided / Private un-Aided / 2nd shift Polytechnics in Engineering and D. Pharmacy Institutions in Telangana State are hereby instructed to sensitize their students these simple public health measures that will go a long way in preventing spread of Novel Coronavirus disease. An information pamphlet is also enclosed which would come handy for the Teachers to sensitize the students.

D.O.No. Secy(HFW)/IMP/Coronavirus/2020

Dated : 5th February, 2020

13 FEB 2020

Dear *Amit*,

You may be aware of the Novel Coronavirus reported from China and 24 other countries, 3 travel related case in India. Though much is not known about the disease dynamics, it is evident that there is human to human transmission. As of now, there is no drug or vaccine available to manage this disease. Hence preventive measures become crucial to stop spread of this disease.

Creating awareness among university/college students about preventive interventions such as frequent hand wash, respiratory etiquettes (using handkerchief over mouth while coughing/ sneezing, use of tissue paper or using the sleeve of shirt covering upper arm, staying away from college when sick, avoiding public gatherings etc) will help in preventing/ reducing transmission of not only this disease, but also large number of other communicable diseases, notably flu like illnesses. Further, such informed youth can be agents of change in their family, community and beyond.

In view of the above, you are requested to take up with State Education Departments, central universities and other autonomous teaching institutions under your ministry to sensitize their students these simple public health measures that will go a long way in preventing spread of Novel Coronavirus disease. An information pamphlet is enclosed which would come handy for the teachers to sensitize the students.

Yours sincerely
Preeti Sudan
(Preeti Sudan)

Ministry of Health & Family Welfare
Government of India

Reduce the risk of Coronavirus infection Follow these important precautions

1
Avoid travel if you are suffering from fever and cough

2
Wash your hands frequently with soap and water

3
Share your travel history with your health worker (ASHA/ ANM)

If you have cough, fever or difficulty in breathing, contact a doctor immediately

Stay protected!

Stay safe from Coronavirus!

If you have returned from Wuhan China after January 15, then get yourself tested for 2019-nCoV. To know about the centres for testing, call the Ministry of Health and Family Welfare Helpline

If you have returned from China in the last 15 days or have been in contact with any person affected by Coronavirus, then limit your contact with others and use a separate room for sleeping

If you develop fever, cough and difficulty in breathing within 28 days of return from China, immediately call the Ministry of Health and Family Welfare Helpline
